Bring your signs and flags & your friends and neighbors…

Congressman Randy Forbes voted to PASS the monstrous "Cromnibus" spending bill which includes funding for amnesty.

- *He chose to split from Dave Brat and side with the Eric Cantor wing of the Republican Party.*
- *He chose a 1.1 trillion dollar spending bill when we're 18 Trillion in debt.*
- *He chose to reward the President's lawlessness by funding it.*
- *He chose to add his name to the block of GOP Congressman that relied on the House democrats to pass it. That's some bipartisanship, ya?*

Virginia Congressmen Wittman, Griffith, Brat, and Hurt all found the courage to vote against it.

What happened to Randy's courage?
